

# Aluminium Awnings

## Animation

Claredale Aluminium Window Hoods are a durable curved aluminium panel with tidy understructure finished in gloss white. The 'Claredale' is available in a choice of colour combinations, side trim panels or closed sides to compliment your home. Reflects the natural light inside and is low maintenance. Stafford All-Weather waterproof patio awning is totally waterproof even in the heaviest downpour. The efficient design and construction makes it ideal for that exposed patio or balcony. With the combination of reversed panels and wide range of colour choices, the Stafford gives a very attractive visual effect. The underpanel (the part that YOU see) is finished in Pearl White with very tidy lines and a Clip Locking Panel System with no visible fixings. Montrose Adjustable Aluminium Louvre Awnings are the most effective awnings for heat control and sun protection. When closed, they will block out 90% of the sun's heat. Open the panels to control breeze and light - all at your fingertips with an internal handle for your convenience. The panels can be opened to allow almost uninterrupted views or it can be closed for maximum protection and privacy. Sunbreeze Fixed Louvre Awning- Total Convenience, where the panels in this model are angled to offer the best compromise between sun protection, cooling breezes and views... should any of the panels be damaged, or you have changed the colours of your house, you can easily replace the panels without removing the awning - there are 15 standard colours to choose from - something to match any exterior colour. Sun Break and SunShield R72 are the finest in hi-tech exterior retracting louvres. They are the most sought-after systems in Europe with superior design and function. Click here for a demonstration Sun Pacific - A new concept for today's modern designs and trends. This great new curved window hood with horizontal panels has the versatility to adapt to any exterior decor. So, if you are bored with traditional profiles and colour selection, imagine the possibility and combinations of over 100 powder coated choices... something to get very excited about. Sunline - the very smart modern look to exposed areas that require shade, privacy and security. This versatile extruded aluminium section can be utilised to suit a number of needs. It can be the ultimate substitute for timber infills, trims and balustrate. This NO maintenance system can be powdercoated to suit today's modern decor and colours, and will compliment tomorrow's architecture. We can supply as a complete unit or as a DIY item for builders, contractors, & home handymen.
